We spoke with [REDACTED] and could clearly hear [REDACTED] yelling at him while [REDACTED] was talking to us so clearly they weren't being separated. Under no circumstances should [REDACTED] be around our son for the remainder of this day. Please call us when available.

Thanks,  
Cassie

Hi, Cassie.

I wanted to let you know that Jan got in touch with me and I was able to get in touch with the outdoor science class just now. [REDACTED] and his classmate had an issue that we are working to get to the bottom of currently. I have confirmed that the boys are being kept separated during the remainder of their outdoor science lab. I will follow up this afternoon when I have more details.

Thank you for your understanding. I will be in touch.
